## **Fine Arts Department**

*Where there is art, life and culture can be preserved together. This is why this Fine Art Department of the college is so important. Department has nurtured various currents from primitive art to contemporary environment and the legacy of all this is easily available to every student who comes here. The Fine art department not only imparts this artistic quality to the students but also tries to preserve and nurture the distinctive artistic personality of each student while preserving the individuality in art. At the same time, she is constantly striving to sustain herself over time and make her self-reliant through art.*

*Music Department and Department of Art and Painting are influential Fine Art Departments of SNTD Arts and Commerce College. There are many B.A. colleges in Pune city, but the colleges comprising these departments of music and painting are rare. This is a proud thing that includes our departments with a glorious tradition. ## Students' conducted workshops

Our college students conducted workshops in various schools. Specially, Eco friendly Ganapati making using 'Shadoo Matti', similarly-paper decoration, Lantern making, etc. These workshops help to develop an environmental friendly lifestyle, as well as professional skills. Conducting these activities builds students confidence to conduct private art classes. This gives them opportunity to earn pocket money that helps them to purchase art material.
