**SNDT Arts and Commerce College for Women, Karve Road,
Pune 411038**

**BEST PRACTICE
(2020-2021)**

Best Practice - II

Name of the Best Practice - Women Empowerment through Entrepreneurship

Objectives: The student will be able:

- To learn Entrepreneurial skills
- To make financially independent
- To be self-reliant
- To be a competent part of the society

The Context:

'An Enlightened Woman is an Infinite Source of Strength ' is the Motto of the institute. Women empowerment is one of the motifs of the institute. Every student who comes here tries to develop her personality.

Most of the students who come to College are first-age learners in the family. They come from various socio-economic strata and from rural, urban, and semi-urban areas. Parents choose Women's College for their education. Hence, to make them self-sufficient and self-reliant, the organization is committed to enabling students to develop various skills through curricular and extracurricular activities along with entrepreneurial skills.

The Practice :

1. Syllabus: Courses that teach entrepreneurial skills are included in all our programs.
2. Workshops: Each department conducts various workshops such as Proofreading, News Writing, Book reviews, Anchoring, Film Appreciation, Calligraphy, Clay, Terracotta, Serigraphy, Nude model, Sketching, Water colouring
3. *Yuva Mahotsav*: To provide opportunities by way of conducting various competitions like Essay writing, Elocution, Debate, Poetry recitation, Dance, Music, Skits, One-act-Play, Mime, Rangoli, Mehendi, Sketching, Photography, On the Spot Painting, Poster making. This platform helps them to nurture their skills.

4. Exhibitions: Exhibitions are organized to give them exposure and experiential learning for the enhancement of entrepreneurial skills.

Antarang: Antarang exhibition organized by the Department of Drawing and painting. This exhibition enriches students Best presentation of their work and conveys the theme behind their creation to the audience.

Geofest: Geofest is organized by the Department of Geography. Leadership, Geographical Skills, Presentation Skills were developed through the fest.

Exhibition-cum-sale: This event is organized for students and alumni. Here students set up stalls of homemade items. They get real buying and selling experience in this exhibition.

Evidence of Success:

Students of the College have gained success in varied sectors. They have explored their skills and are becoming financially independent which is empowering them to be a separate entity in society.

Students are successful in the area: Private classes of music, drawing, and painting language; some students have become creative writers, proofreaders. Some have started dance academies, art and painting studios, and counseling centers. Some students are in catering services. Some have become event managers. Students give dance and theatrical performances.

Problems:

As a first-generation student, their vision is to get a job and be financially independent. They need to be more motivated to turn to business.

We need to make our students more aware of quality so that they can compete in the open market.

Institutions need funds to become entrepreneurs, such as various workshops and exhibitions currently being conducted in terms of professionalism.

Notes:

Include maximum skill-based programs in curricular and extracurricular activities.
